How to Customize the Mockup Templates

Step 1

- Open the PSD file(s) in Adobe Photoshop.

- Double click the smart-object layer(s) marked in **RED** on the very top duly named respectively and add your design and click Save. Your design will automatically be shown on the mockup.

Double Click &
Add Your Design

Step 2

- You can also change the background color of the scenes using the "Color Fill" layer at the bottom.
-
- Once you are done, export the scene and enjoy!

Note: All layers marked in RED are editable layers.
